

AP Spanish Summer Work

AP Spanish students will be asked to complete a reading and grammar packet themed around one of Gabriel García Márquez's most enjoyable short stories, *El ahogado más hermoso del mundo*. Class work and graded assessments of early September will revolve around this story, its themes, and its immediate and distant discussion topics.

AP Spanish students will also be asked to reflect on and to prepare to speak informally about a group of CHARLEMOS questions.

Students can obtain these materials from Ms. Garschina in room 206 on Friday, June 17th, or over the summer in the Main Office of the High School.

¡BUENA SUERTE!
