

Elementary Release Days: “Flip-Flop” Schedule 2015-2016

Elementary Schools have several scheduled “early release” days throughout the school year for parent-teacher conferences. On these days students are dismissed from school mid-day; note that these early release days are *different* than the typical Wednesday schedule, where students are dismissed an hour early throughout the year.

Because most early release days are scheduled on Wednesday, the following schedule changes have been made to ensure the equitable scheduling of special subjects (art, music, PE, library) throughout the school year.
