Dear Parent/Guardian

One of the requirements of admission to the Belmont Public Schools is that all children have a complete and current physical examination. The **MASSACHUSETTS SCHOOL HEALTH RECORD**, included with the registration forms, is to be completed and signed by his/her medical provider.

The state law for immunization is very specific. A medical provider's certificate is the only acceptable evidence of immunization or disease. Your child's immunization history must be complete and up-to-date (the dates must include the month, day, and year of each immunization).

Documentation of immunizations and physical examination are required at the time of registration. Your child's registration will not be complete until this information is provided.

Please contact your child's school nurse (or review the school health website) for further information.

Sincerely,

Thomas S. Kingston  
Superintendent of Schools
