Dear Mark,

Congratulations on your recent recognition by The Alliance for Young Artists and Writers for your consistent submission of outstanding artwork by Belmont High School students to The Scholastic Art & Writing Awards program. Each year, a significantly high number of students from your classes receive state and national awards. Eight Belmont High School students have received the American Vision Award in painting in the last ten years. This is unparalleled by any of other high school in Massachusetts. In addition, students from our AP art classes do consistently well on national exams, and are accepted into some of the country's most competitive art schools.

Thank you for all of the hard work that you do with our students, and for your dedication to insuring their success.

Sincerely,

William T. Pappazisis
