

Procedures Subcommittee of the Belmont School Committee
Minutes of April 7, 2011

The meeting began at 9:00 a.m. Members present were Kathy Miller, Elizabeth Gibson and Deborah Emello. Others present: Mike Harvey, Principal, BHS.

Reviewed student policies and procedures contained in the high school handbook and district wide for consistency. According to Principal Mike Harvey, under ed reform site based management provisions, the high school principal sets the policies and procedures relating to the conduct of the high school students. There should be a disclosure at the beginning of the Student Procedures section that procedures for the high school are in the BHS Student Handbook and Faculty Handbook, when appropriate. Must determine which procedures that relate to the high school only should be repeated in the district wide procedures.

The meeting was adjourned. The next meeting will be at 9:00 on April 14, 2011 at the School Administration Building. Members present were Kathy Miller, Elizabeth Gibson and Deborah Emello. Others present: Mike Harvey, Principal, BHS.

Respectfully submitted,

Deborah Emello
