CLASS CHECK IN AND CHECK OUT

Classroom teachers and monitors are provided with a list of children participating in Extracurricular Program classes, but it is the child's responsibility to report to class (with the exception of kindergarteners, who will always be escorted). Attendance will be taken, and a monitor will call the primary contact number listed on the registration form if a child does not report to class and is not on the list of absent children from the office. However, the monitor is not responsible for tracking missing children; they will leave a message at the primary contact number only. If your child will be in school, but not attending extracurricular class on a given day, **please email the monitors at winnbrookptaextra.monitors@gmail.com**.

Please note the following check-out procedures:

- If you elect to pick up your child, you must wait for him/her **in the main lobby**. Enter the school building through the front door (which will be locked; knock for the monitor to open it).
- If you prefer to have your child walk, or meet you outside the school building, you must choose the "Walk Home" option. Monitors will not be responsible for children whose registration forms indicate they will be walking home.

Extracurricular Program instructors are not responsible for children once their class has ended. Please make certain that your child knows his/her arrangements for getting home or to after-school care.

Monitors and instructors are not available after-hours, so **PLEASE BE PROMPT** at pickup. All children who are not picked up at class end times will wait with the monitor until they are picked up. A fee for late pick-ups will be actively enforced, with a **\$5.00 fine** for the first **10 minutes** and a **\$5.00 fine** for every **five minutes thereafter**.

If any classes are cancelled during this session, make-ups will occur during the pre-scheduled make-up weeks.
