Students - Goals

The Belmont Public Schools shall make every effort to provide a safe, positive school environment and student services that promote student welfare and academic achievement. Belmont Public School students are expected to make good use of learning opportunities through regular attendance, appropriate conduct and respect for others.

Belmont Public Schools are fully committed to providing equal educational opportunities and keeping the schools free from discriminatory practices. The Superintendent shall ensure that students and parents/guardians are well informed about school and district rules and regulations related to attendance, records, grades and student conduct.

Admission and Transfer

Students entering the Belmont Public Schools kindergarten shall be five years old on or before September 1 of the year entering school. Students entering Grade 1 shall be six years old on or before September 1 of the year entering school. Satisfactory evidence of date of birth shall be required before a student is enrolled in the Belmont Public Schools.

Enrollment of students experiencing homelessness shall not be delayed or denied due to the lack of any documents normally required for enrollment. Emergency contact information may be required from parents/guardians prior to enrollment of homeless students. The designated Belmont Public Schools Homeless Liaison shall ensure that students experiencing homelessness are identified, enrolled, have equal opportunity to educational success including transportation and are referred to other appropriate educational and health resources.

The Belmont Public Schools may admit foreign students who are residing temporarily in Belmont with their parents/guardians on the same basis as all other Belmont residents. Other foreign students may be admitted according to procedures developed by the Superintendent. Foreign exchange students participating in a recognized Belmont Public Schools exchange program may attend classes as visitors.

Students age seven or older who are transferring from other schools or from a period of homeschooling shall be placed in age appropriate classrooms unless a determination is made by the principal, in consultation with parents, that a different placement is appropriate.

Students who are homeschooled through high school do not receive a Belmont High School diploma.

The Superintendent shall develop procedures to implement this policy.

Open Campus

Open campus privileges will be offered to Belmont High School students who meet certain eligibility criteria. The Belmont High School Principal will determine eligibility criteria and develop procedures to implement this policy. A Student's open campus privileges may be suspended at any time if the administration determines that the student is in violation of school rules and/or failing to meet academic requirements for graduation or other eligibility criteria.

Student Health and Wellness

The Belmont Public Schools are committed to providing school environments that promote student health, well being, and ability to learn. The district shall comply with all federal, state, and local laws and regulations concerning student health, safety and nutrition. Students shall meet established health requirements in order to attend school.

The Belmont Public Schools shall comply with the Massachusetts Department of Public Health's regulations pertaining to sports-related head injuries in extracurricular activities.

The Superintendent shall ensure the development of procedures to implement this policy including procedures to govern the prevention and management of extra-curricular sports related head injuries for students in grades six through twelve.

5005-A1. Face Coverings

The Belmont Public School District is committed to providing a safe environment as schools reopen during the COVID-19 pandemic. Maintaining a safe environment is critical to the District's ability to return students to a full-time classroom learning experience. According to public health experts, one of the best ways to stop the spread of coronavirus and to keep members of our school community safe is the use of face masks or face coverings. Therefore, in accordance with guidance from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE), the Massachusetts Department of Public Health (DPH), and/or the Belmont Board of Health, the following requirements are in place when voted by the School Committee. When this policy is not in effect, 5005-A2 will be in effect until further notice.

A face covering that covers the nose and mouth must be worn by all individuals in school buildings and on school transportation.

Individuals may be excused from the requirement for the following list of reasons:

The individual:

- has trouble breathing;
- is unconscious;
- is incapacitated;
- cannot remove the mask or face covering without assistance.

In addition, masks or face coverings will not be required for anyone who has a medical, behavioral or other challenge making it unsafe to wear a face mask or face covering. A written note from a physician is required for a requested exemption. Parents may not excuse their child from the face mask requirement by signing a waiver.

Additionally, face masks or face coverings will not be required when appropriate physical distancing is enforced:

- during mask breaks;
- while eating or drinking;

Students and staff should adhere to the protocols for mask breaks outlined by Belmont Public Schools Nursing staff. Nursing protocols document, "Belmont Public Schools Mask/Face Covering Protocols" is available at this link: [Health and Safety – Masks 2021-22](#)

Exceptions to this policy under certain circumstances, such as for students with medical, behavioral or other challenges who are unable to wear masks, must be approved by the building principal in consultation with the school nurse or local Board of Health. Face shields or physical barriers may provide an alternative in some instances.

A student's mask or face covering is to be provided by the student's family. Staff members are responsible for providing their own face coverings, and where appropriate will be provided by the district.

If students are in violation of this policy, the building principal will consult with the parent/guardians to determine whether an exception is appropriate, or the student may be removed from the school building for in-person learning until such time as they can comply with the requirement or the requirement is lifted.

Visitors in violation of this policy will be denied entry to the school/district facility.

This policy will remain in place until rescinded or suspended by the School Committee.

5005-A2. Face Coverings

The Belmont Public School District is committed to providing a safe environment in schools during the ongoing COVID-19 pandemic. Maintaining a safe environment is critical to the District's ability to ensure students remain in a full-time classroom learning environment.

According to public health experts, one of the best ways to stop the spread of coronavirus and to keep members of our school community safe is the use of face masks or face coverings. Therefore, in accordance with guidance and recommendations from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH) and/or the Belmont Board of Health, the following requirements and recommendations are in place when voted by the School Committee. When 5005-A1 is in effect, 5005-A2 shall be suspended.

A face covering that covers the nose and mouth is strongly recommended to be worn by individuals who remain unvaccinated or are otherwise immunocompromised in school buildings and on school grounds, even when social distancing is observed.

Individuals who are vaccinated are not required to wear a mask, but may do so if desired.

Students and staff returning from 5 day quarantine following a positive COVID test must follow strict mask use, other than when eating, drinking, or outside, and conduct active monitoring for symptoms, through day 10 of exposure.

Masks will be required in all school health offices.

This policy will remain in place until rescinded or suspended by the School Committee.

Vaccination Mandate and Extracurriculars

In light of the COVID-19 pandemic, the School Committee recognizes the resulting disruption of the traditional school day and year; growing concerns of students, families and the community; and the increasing number of issues that will affect public education.

Therefore, the School Committee establishes an interim policy, in light of the COVID-19 pandemic, that will promote public safety and the safety of students, faculty, and staff. Effective December 1, 2021, vaccination against SARS-CoV-2 is required for all age-eligible students to participate in school-sponsored sports and rostered extracurricular activities that occur outside of the school day.

For the purposes of this policy and procedures developed pursuant to this policy only, the following definitions apply:

“Age-eligible students” are defined as students enrolled in Belmont Public Schools who are age-eligible to receive a U.S. Food and Drug Administration (FDA) approved vaccination against SARS-CoV-2 (COVID-19). Age-eligible excludes students who are eligible to receive vaccination against COVID-19 under FDA Emergency Use Authorization.

“Age ineligible students” are defined as students enrolled in Belmont Public Schools who are not age-eligible to receive an FDA approved vaccination against SARS-CoV-2 (COVID-19), including students who are eligible to receive vaccination against COVID-19 under FDA Emergency Use Authorization.

“Vaccination” is defined as fully vaccinated against SARS-CoV-2 (COVID-19), meaning two weeks after the final dose of initial vaccination, excluding booster shots, required by the particular vaccine brand.

“Rostered” activities are defined as those activities sponsored by the School Department whereby a list of participants is created in advance of such a recurring activity.

Age-eligible students

Students who participate in school-sponsored sports and/or rostered extracurriculars that occur outside of the school day are required to be vaccinated except in those exceptional circumstances, where a student is unable to receive COVID-19 vaccination due to medical disability, or is unwilling to receive COVID-19 vaccination due to a sincerely held religious belief. Age-eligible students are required to provide proof of vaccination to Belmont Public Schools. Age-eligible students who qualify for a medical or religious exemption are required to participate in weekly state-sponsored COVID-19 testing provided through Belmont Public Schools or submit evidence of a negative COVID-19 test on a weekly basis.

Students who are awaiting vaccination are required to participate in state-sponsored testing through Belmont Public Schools or submit evidence of a negative COVID-19 test on a weekly basis.

Age-ineligible students

Students who participate in school-sponsored sports and/or rostered extracurriculars that occur outside of the school day and are age-ineligible are required to participate in state-sponsored COVID-

19 testing through Belmont Public Schools or submit evidence of a negative COVID-19 test on a weekly basis. Students who are age-ineligible to receive full FDA approved vaccination against SARS-CoV-2 (COVID-19), who are eligible to receive vaccination against SARS-CoV-2 (COVID-19) pursuant to the FDA's Emergency Use Authorization will be exempted from COVID-19 testing required for age-ineligible students upon providing proof of vaccination to Belmont Public Schools. Students who will become age-eligible for vaccination during the sports and/or rostered extracurricular season in question must provide proof of vaccination or qualification for medical disability or religious exemption within eight weeks of becoming age-eligible.

The Superintendent, or designee, shall develop a procedure to implement this policy that ensures all student's vaccination status and weekly testing information will be maintained confidentially via the student's health record.

Students who do not comply with this policy and the procedures developed under this policy will not be permitted to participate in school-sponsored sports and rostered extracurricular activities that occur outside of the school day.

This policy will remain in place until rescinded by the School Committee.

Student Progress

The Belmont Public Schools shall regularly monitor student progress using a variety of evaluation measures designed to identify individual student academic achievement, progress and areas needing improvement.

The Superintendent shall ensure that evaluation methods are reliable and objective, utilize specific standards and correspond to material being taught. Students and parents/guardians shall be informed of methods used to evaluate student achievement.

Written progress reports will be provided to parents/guardians on a regular basis and opportunities will be provided for individual parent/guardian/teacher conferences in accordance with procedures established by the Superintendent.

Evaluation methods, progress reports and procedures established shall be in accordance with all applicable Federal and state laws and regulations.

Awards to Students

The School Committee shall present awards to eligible students or teams in four categories: Scholarship, The Arts (visual and performing arts), Competitive extra-curricular activities either academic (i.e. Math teams) or athletics.

Principals of each school may establish written criteria and procedures for awards to students at their schools.

Promotion and Retention of Students

Professional staff is expected to place pupils at the grade level best suited to them academically, socially and emotionally. Students will normally progress annually from grade to grade. Students who are at risk of retention should be identified as early as possible in a school year and/or a student's school career and be provided with services designed to help them acquire the necessary skills to be promoted.

Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the student. Exceptions will always be made after prior notification and explanation to each student's parents/guardians, but the final decision will rest with the Superintendent.

The Superintendent shall develop procedures to implement this policy.

Graduation

The requirements for graduation from the Belmont Public Schools shall be established by the School Committee upon the recommendation of the Superintendent and shall be published in the High School Handbook. All established Belmont Public Schools requirements shall meet or exceed those of the Massachusetts Department of Elementary and Secondary Education.

Students homeschooled through High School are not eligible to receive a Belmont High School Diploma.

Student Fees, Fines and Charges

The Belmont Public Schools may require student user fees for certain sports, activities and services. The Belmont Public Schools may also charge for materials and supplies used for activities that supplement the educational program.

Students may be charged for lost or damaged books, materials, supplies and equipment provided by the Belmont Public Schools.

The Superintendent shall develop procedures to implement this policy including listing of the categories of fees for which reduction or waiver is available and the process required to apply for a reduction or waiver.

Student Records

The Belmont Public Schools shall maintain such personal information about students as is necessary to provide students with appropriate instruction and educational services, or is required by Federal and State laws and regulations.

The Superintendent shall establish procedures governing the identification, description, accuracy and security of student records, as well as timely access for appropriate school personnel. These procedures shall also delineate the rights of parents/guardians, including non-custodial parents, and students over 14 years of age or who have entered ninth grade, to review, inspect, amend, and copy student records.

The Superintendent is responsible for ensuring the privacy, confidentiality and security of all student records in accordance with all applicable federal and state laws and regulations. The principal at each school shall act as custodian of records for students enrolled at that school. The Superintendent shall be the custodian of records for student records at the district level.

Freedom of Expression

Belmont Public Schools students have the right to exercise freedom of expression at school, including freedom of speech and of the press, and the right to assemble. Such rights are limited only as allowed by law in order to maintain an orderly school environment and to protect the rights, health and safety of all members of the school community. Freedom of expression does not include the use of obscene, libelous or slanderous expression, the use of abusive or insulting speech, or any expression that may cause disruption or disorder within the school.

Student expression while not at school, including off-campus internet use, shall be subject to discipline when such expression poses a direct threat to the safety of students or school personnel.

Conduct and Discipline

Students on school grounds and at school sponsored activities are expected to conduct themselves in a manner which promotes a safe, orderly environment and does not infringe upon the rights of others. Students may be subject to disciplinary action for behavior inconsistent with this policy.

The Superintendent shall ensure that each school principal, in conjunction with the school council, prepares a student handbook setting forth the school's rules and possible consequences of violation of those rules. In addition to addressing matters specific to the individual school, such rules shall address student's possession of controlled substances (including drugs and alcohol) or dangerous weapons, use of force, theft, vandalism, knowingly making a false accusation, and violations of other students' civil rights. Students shall be provided with a copy of the handbook.

School staff is expected to provide appropriate supervision to enforce standards of conduct and to intervene or seek assistance in the event of a violation. School officials are required to contact parents/guardians of students under age 18 for violations of this policy which may result in students' suspension or expulsion.

No student shall be disciplined without being afforded appropriate due process. The Superintendent shall ensure that all student discipline procedures provide appropriate due process protections as required by state and federal law and regulations.

The discipline of a student who has been identified as having special needs is subject to the requirements of state and federal laws and regulations and the student's Individualized Education Plan. The Superintendent shall ensure that each school observes the legal requirements and procedural safeguards for discipline of students with special needs.

Searches

Belmont Public Schools students are guaranteed protection from unreasonable searches and seizures by the U.S. and Massachusetts constitutions. School officials who conduct reasonable searches do not need search warrants. Students may be searched when school officials have reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.

School lockers and desks assigned to individual students remain the property of the school and the administration reserves the right to open and inspect any locker or desk and its contents at any time. Personal property may be searched by authorized school officials when there is a reasonable suspicion that a student's property contains stolen articles, illegal items, or other contraband as defined by law or school policy.

Searches by law enforcement officers must conform to all applicable state and federal law.

Interrogation by Law Enforcement

School administrators will make every effort to protect each student's rights with respect to interrogations by law enforcement officers.

If a law enforcement officer without a court order or warrant requests to question a Belmont Public Schools student at school or while the student is participating in a school sponsored activity the principal shall ensure that the interrogation takes place privately, in the presence of the students' parents/guardians or an administrator when the parents/guardians have authorized a school administrator to act in their place. When police are present, students must be given the same rights as other citizens and they must be informed of these rights before any questions are asked.

A student who is in attendance at school or a school sponsored activity may not be removed for questioning by a law enforcement officer without permission of the student's parents/guardians.

A case worker from the Massachusetts Department of Children and Families (DCF), or a law enforcement officer investigating suspected abuse or neglect may be permitted to question and examine a student at school without notice by the school administration to the student's parents/guardians.
