Re: Out of state travel

Our students in grades 5 and 8 are excited to participate in school sponsored, out of state trips. Please see below:

Grade 5: **Ferry Beach Ecology School**, Saco Me; May 19-23, 2014 (half of grade travels the 19th-21st; other half travels the 21st-23rd)

This purpose of this trip is to extend the grade 5 science curriculum, particularly the focus of ecosystems.

Grade 8: **Washington, DC/Gettysburg**: June 2-6, 2014

The purpose of this trip is to extend the grade 8 U.S. History curriculum (civics, branches of government, civil war and reconstruction) as well as the grade 8 ELA unit on Elie Wiesel's "Night".

We respectfully seek approval of these trips.

Thank you for your consideration.
