

BELMONT HIGH SCHOOL SCHEDULE & BUILDING INFORMATION

- BHS teachers' schedules are organized in modules or "mods", similar to Chenery's blocks. The BHS Weekly Mod Schedule is attached, and will also be placed on our **For Substitutes** webpage for your reference.
- For a specific day of subbing, you will be given the teacher's mod schedule for the day.
- Mods are approximately 26 minutes long. The day is divided into 15 mods, labeled A-O. Start/end times for each mod are different on Wednesdays.
- Each class (e.g., Ms. Smith's AP French) meets 4 days out of the 5-day week. Three days of the week, the class meets for 2 mods. One day of the week, the class meets for 3 mods. The fifth day, when the class does not meet, is known as that class's "drop day" and the students have "free mods".
- Each class is color-coded (e.g., Ms. Smith's French-1 Pink class meets/drops sometime during the mods colored pink on the schedule; Ms. Smith's French-1 Orange class meets/drops sometime during the mods colored orange on the schedule.)
- 2-mod class either meets for two consecutive mods (about 50 minutes), or has one free mod in between two teaching mods (a "split mod").
- 3-mod class meets for three consecutive mods (about 75 minutes).
- BHS is a 2-story building organized around two main corridors/hallways per floor. Departments – including, e.g., Math, Science, English, Social Studies, Foreign Language, PE/Health – are in U-shaped wings off of the main hallways. Classrooms are numbered, and there are signs located at the start of each wing indicating the department and room numbers.
- In case you haven't heard: Belmont is now in the process of designing a new high school building, which will house grades 7-12 in a lower and upper school configuration. Chenery will then become grades 4-6. The design/build process is expected to take place over the next three years.
