Mr. Anthony DiCologero  
Director of Finance, Business & Operations  
Belmont Public School  
644 Pleasant Street  
Belmont, MA 02478

Dear Mr. DiCologero,

Thank you for your emails expressing the interest that the Belmont Public Schools has in becoming part of the Shawsheen Valley Regional Vocational/Technical School District. The School District is flattered by the interest you have shown in our school community.

Unfortunately applications for 9<sup>th</sup> grade admission within our District continue to rise year after year, and as a result of this, we continue to be oversubscribed. Until such time as we have more seats available in the school than we have applications, there is simply no way that the District can consider opening up to another community via an intermunicipal agreement, School Choice, or any other means.

Should our school district admissions change in the future, I will be in touch.

Very truly yours,

Timothy Broadrick  
Superintendent-Director
