January 2019

To All Parents and Guardians of Incoming Kindergarten Students and New Elementary School Families:

Welcome to Belmont Public Schools. As you register your child, please keep in mind that due to the ever increasing class size/enrollment numbers, we will do all we can to have students, who have completed elementary school registrations, attend their district schools. Below is a timeline for determining elementary district placements.

- Students whose registration has been completed and received by April 5 will be placed April 9, and families will be notified within five business days after the placement date
- Students whose registrations are completed and received by May 22 will be placed by June 1, and families will be notified by or within five business days after the placement date
- Students whose registrations are completed after May 23 will be placed by August 12, and families will be notified within five business days after the placement date

Respectfully,

John P. Phelan
Superintendent of Schools
Belmont, Massachusetts
