

Brendan Grant Field

Superintendent Phelan would like to continue the name of Belmont High School varsity baseball field as the "Brendan Grant Memorial Baseball Field".

Brendan Grant was a student at Belmont High School who participated in varsity football, wrestling and baseball. In his senior year ('99-'00), he captained the Marauder wrestling and baseball teams. At American International College in Springfield, MA, Brendan became a first-year starter for the Yellow Jacket baseball team during the spring of 2001. Brendan played his last summer league game on the Belmont High School field on June 27, 2001 following an on-field collision.

The Brendan Grant Foundation has been very active in the community with numerous programs such as baseball and golf tournaments, a 5K run/walk (Brendan's Home Run) and baseball field stewardship. The Foundation primarily undertook improvements to the varsity field beginning in 2001, which was dedicated to Brendan Peter Anthony Grant in 2007.

Along with these community events, the Brendan Grant Foundation promotes the goals of the Belmont Public Schools and contributes to the students' goals with three annual scholarships awarded to Belmont High School seniors.

Superintendent Phelan would like to re-name the reconfigured varsity baseball field the "Brendan Grant Memorial Baseball Field".
